A Touching Farewell

Antoniano Expresses Gratitude to Archbishop Emeritus Patrick Flores

As one of his last engagements, Archbishop Emeritus Patrick Flores accepted an invitation from Antonian to join the student body in an assembly in his honor held on the morning of Tuesday, February 8, 2005. Complete with a mariachi serenade, the gathering was a farewell and an offering of gratitude for the many years of service to the San Antonio community, and more specifically to the Antonian community.

The assembly began with Flores, Sr. Barbara Neist, SSND, Associate Superintendent of the San Antonio Catholic school system, Gilbert Saenz, Principal of Antonian, Deacon Joseph Hilbert of the Antonian faculty, Joshua L. Sandoval, Antonian senior and Student Council President, and Antonian junior and mariachi singer Justine Ozuna processing through the aisles of the school auditorium to a standing ovation by the students and faculty. Once the party reached the stage, Deacon Hilbert offered a prayer that through the intercession of our most blessed Lady of Guadalupe, Archbishop Emeritus Flores be kept "...healthy, happy and in peace as he begins his retirement."

After mariachis played *Mi Virgencita*, Mr. Saenz introduced Miss Ozuna who then serenaded Flores with *Los Laureles*. Following the serenade, Mr. Saenz introduced Mr. Sandoval who presented Flores with a copy of Antonian's 2004 yearbook, *Warrior*, which was dedicated to Flores for his years of support of the school.

Sandoval spoke, "In 1964, the Archdiocese, in conjunction with the north side parishes decided that a Catholic High School would be built on the

north side of San Antonio. The school was to be known as Antonian College Preparatory High School, its colors would be red, white, and Columbian blue and its mascot would be the Apaches. This school was born in 1964 and graduated its first class in 1968. This was many years before most of us were born. However, many of our

fathers attended this school and prayed for the day when their children would also attend. Years later when Antonian was hurting for enrollment and many wondered if it would close, you came to our rescue and proclaimed that Antonian would continue and that it would become co-educational."

"The courage you showed and the belief you had in our fathers is something for which we will forever be grateful. And in the years since, you have loved us, cared for us and have been a part of our growth and success. And for this reason, we have dedicated our yearbook to you. Our school yearbook

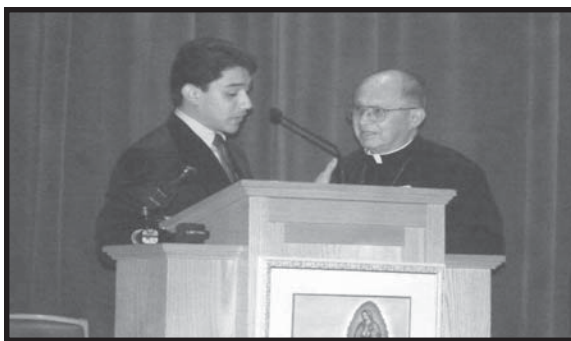

is titled - The Warrior. It is a name fitting of our book but more importantly, it is a title fitting of you as one who cared and loved us as our father. We stand today as a sign of respect and love for you as your children and in honor of their father. For this reason and on the occasion of the completion of your ministry as Archbishop of San Antonio - by the authority

vested in me as President of the Antonian Student Body and in conjunction with the administration of the school - we bestow a new title and proclaim you to be "Father of the Antonian Family."

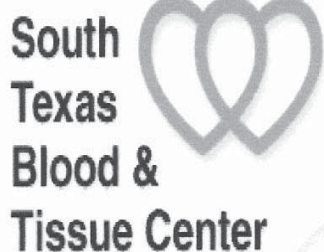

From the entire Antonian family, to our most beloved Archbishop Emeritus Flores, *con todo respeto y cariño*--we love you and honor you.

Justine Ozuna (Jr.) sings Los Laureles to Flores.

Student Council President Joshua L. Sandoval (Sr.) presents Flores with the 2004 Warrior.

Spring Blood Drive

Do you have 30 minutes to spare to save the life of another person? Then come support Antonian's spring blood drive to be held during the school day on April 19, 2005. Donors are needed daily

throughout South Texas in order to help others throughout the area; however, less than 5 percent of the eligible donor population gives blood. Anyone 17 years or older, who weighs at least 110 pounds, is in good general health, and has not donated in the last eight weeks may donate. If you aren't sure you qualify, the staff of the South Texas Blood and Tissue Center can help determine this.

Spring Band Concert

The Apache band will hold a spring concert on May 10, 2005 at 7:00 p.m. at Antonian. If you haven't had a chance to hear the band, you are missing a real treat! Many of these talented musicians, including **Gregory Martinez (Soph.), Matt Bueno (Jr.), Marie Tipps (Jr.), Danielle Steele (Jr.), Kyle Evaldez (Sr.), Tim Grayson (Jr.), and Michael Villalobos (Sr.)**, qualified for state at the TAPPS district competition held in late February. In addition, the Apache Jazz Ensemble qualified for the state contest. Don't miss this opportunity to hear these talented musicians!

S is for Summer...and Service

Although most Antonian students perform some form of service to others during the school year, it is very heartwarming to know that many students have been inspired to continue offering service when school is not in session. This summer, Antonian students will be helping at the Humane Society, assisting with parish vacation bible schools, and offering service to various youth camps. Two Antonian students intend to repeat the service they have done in the past—being volunteers for the Children's Association for Maximum Potential (C.A.M.P.) summer program, Camp C.A.M.P., that provides recreation, respite, rehabilitation and education activities for children with disabilities and their families. While many high school students are looking forward to the upcoming break to relax and really do nothing, all these Antonian volunteers have chosen to spend part of their summers making a real difference in someone else's life.

Support for a Teacher

In a show of support for a member of the Antonian family, the students took part in fundraising activities to benefit computer science teacher **Tom Cathcart**. Mr. Cathcart was severely injured in a vehicle accident on October 10, 2004 and had been hospitalized until mid-February of 2005 as a result. The fundraising activities culminated with a fantastic talent show of both students and faculty members on Friday, January 28, 2005. These activities raised approximately \$4,000 for Mr. Cathcart.

To the students of Antonian Mr. Cathcart expressed his gratitude for all of the prayers, kind thoughts and visits at the hospital, not to mention the participation in the talent show and fundraising efforts. The money raised has been a great help in meeting expenses, while the prayers, thoughts and visits have done much to bolster his will to mend and return. The efforts of the students reinforces his belief that Antonian students can't be beat.

College Planning--Never Too Early

Antonian's College Counselors, Mr. Behrens and Mrs. Victoria offer some suggestions to get the most college entrance benefit from the upcoming summer break. Freshmen, sophomores, and juniors should get involved in their communities and churches, work, or participate in clubs or sports. In addition to filling your activity sheet, these experiences also provide material for college application essays. Sophomores and juniors should visit colleges. Attend class or summer programs at a college campus of your preference and meet students and professors. You'll determine whether you are comfortable there and professors may agree to write a letter of recommendation for you. Juniors who don't feel comfortable with their SAT scores should take time to study and prepare to take the October 8th test. Don't let summer pass you by--add to your knowledge and experiences!
